

Letter:

Dear Form 7c,

it has been a long time since we've met at school for the last time— more than 6 weeks! And it will take a while until we will see each other again, probably only in June. I hope that you and your families are all healthy and optimistic.

For me, the situation is also new and strange because I have never experienced that before. Teaching from home is difficult as our school hasn't got the necessary technical/digital means to do that properly yet. And we all will have to learn how to use that new technology better for school in the future.

Hopefully, you can do the tasks that you get from the teachers via our school homepage. If you have problems, please tell me about them.

My day usually starts at 6.30 am. After breakfast I check the e-mails which I get from students. Students who are in forms 11 and 12 send me the solutions of their tasks and I check them, write comments and send them back. I also have to prepare tasks for the oral A-Level-examinations for Form 12. They will be in May. In the afternoon I often spend time in our garden where I weed or plant flowers or vegetables. And I have more time for reading and sports now.

Unfortunately, we cannot meet other family members or friends at the moment. This is sad. But the main thing is that we all stay safe and healthy.

So, we should take care of each other, stay at home as often as possible and keep a distance to other people. Wearing face masks will also help to protect especially elderly or ill people.

For me, school starts again on Monday, 27th April. Our 12th graders will have lessons so that they can practice for their examinations. But there will be only small groups of students in one room. During the breaks, in the halls or when you go to the secretary's office all people have to wear face masks.

Please tell me: how are you and your families? Do you miss school? Why or why not? Are the tasks too easy/difficult/okay? Are there too many or not enough tasks? How do you usually spend your day during this time?

Let me know how you feel about this time.

I'm looking forward to hearing from you.

(Please, send me your answer to: Gabriele.moussaoui@schule.thueringen.de)

Bye and take good care of yourself,

G. Moussaoui
